

THE ARCHITECT'S OPERATING SYSTEM FOR IPAD & DESKTOP

Draw floor plans. Simulate physics. Export to CAD.

Vishvakarma.OS replaces AutoCAD, SketchUp, and spreadsheet-based Vastu checks with one iPad-native tool. 2D drafting → 3D visualization → CFD wind analysis → PDF export. All in your browser.

UNDO HISTORY

"We replaced ₹4L/year of AutoCAD licenses with Vishvakarma.OS. The Vastu engine alone saved us 20 hours per project."

— Residential Architecture Firm, Jaipur

Stop paying for software that doesn't understand architecture.

Free to start. No download. Works on iPad, Mac, and PC.
